JOB DESCRIPTION

Job Title: ISO Auditor &Trainer

Location: Iraq

We are hiring **experienced ISO Auditors, and ISO Trainers** for **full-time (direct/remote)** and **freelance**

/ empanelled auditor roles. These opportunities are ideal for professionals seeking **international ISO auditor jobs** with exposure to multi-standard audits, training delivery, and accreditation support.

Standards Covered:
ISO 9001 | ISO 13485 | ISO 14001 | ISO 27001 | ISO 22000 | ISO 45001 | ISO 17025 | AS9100 | ISO 15189 | ISO 22301 | FSSC 22000

About the Role

As a **Senior ISO Auditor & Trainer**, you will lead multi-standard audits, assess management system effectiveness, and identify improvement opportunities. You will support ISO certification and accreditation, contribute to continual improvement, and handle special audit assignments.

Key Responsibilities

- Plan and execute third party audit **and certification support audits** as per audit programs
- Evaluate the effectiveness of **management systems, internal controls, and operational processes**
- Identify **gaps, risks, nonconformities, and compliance issues**, and recommend corrective actions
- Review system documentation, records, and operational data for accuracy and integrity
- Prepare **professional audit reports** with findings, recommendations, and action plans
- Follow up on audit observations to ensure **timely and effective closure**
- Support **surveillance, recertification, and accreditation audits**

- Mentor junior auditors and uphold **audit ethics and confidentiality**

Qualifications

- **7+ years of sector specific experience**
- **Out of which, 3+ years of ISO auditing, consulting, or Management Representative (MR) experience**
- **Lead Auditor qualification** in a minimum of **two ISO standards**
- Proven experience in **multi-standard management system audits**
- **Proficiency in English (spoken and written)**
- **Willingness to travel** for on-site audits and training assignments

Skills and Experience

- Interprets ISO requirements and applies effective risk-based auditing techniques
- Communicates audit findings clearly through meetings and professional documentation
- Experience delivering **remote and on-site ISO trainings**
- Ability to work independently in a **client-facing audit environment**
- Strong analytical thinking, professionalism, and attention to detail
- International audit or training exposure is an added advantage

How to Apply

Interested professionals applying for **ISO Auditor Jobs**, **ISO Tutor Jobs**, or **Freelance ISO Auditor roles** are requested to email HR with the following details:

Please include:

- A brief summary of your **ISO audit and training experience**
- List of **ISO standards qualified**
- Your **availability** (full-time, remote, freelance, empanelled)
- Estimated time required for a **one-time project** (if applicable)
- Your **professional fees or expected remuneration**
